What is a Blue Christmas Service? I am glad you asked.
A Blue Christmas Service is held on the winter solstice,
the darkest day of the year,
and it is centered around the fact that the holidays
are not always joyful and happy for people.
For many it is the darkest time of the year in more ways than sunlight
as they struggle with grief and loss, living with uncertainty
in relation to jobs or health, and anxiety.

A Blue Christmas service takes the time to
acknowledge these realities and focuses on hope
that the darkness does not last forever.
As the night it is celebrated on is the darkest of the year,
that means that the next day is going to be just a little brighter.

Come and join us on Friday, December 21, at
7:30 pm for this meaningful service.
All are welcome: those who are feeling blue,
those who need a change of pace from the holiday frenzy,
and those who just need to hear a little bit more about the hope
we have in Christ for a brighter tomorrow.
